Complies With NOP Requirements

Perfect Blend Biotic Organic 4-4-4 SGN100 is designed, when applied correctly, to meet your fertilizer needs for turf and landscape.

Proprietary Process!

Perfect Blend fertilizers are made using a proprietary process that produces a high quality nutrition to soil microbes that are responsible for breaking down minerals for plants while helping to maintain a balanced pH in your soil.

Mycorrhizal Spore Inoculants

Mycorrhizal fungi are not hazardous to humans and provide great benefits to most turf grasses, plant, shrubs, and trees. Perfect Blend fertilizer is inoculated with a blend of three dormant mycorrhizal spore species, *Glomus intraradices*, *G. aggregatum* and *G. mosseae* at approximately 2.58 propagules per gram total. 100% mycorrhizal strength guaranteed for two years after bag crimp date if product is kept in a dry location at less than 110° F. Fertilizer nutrient values expire after seven years.
