## Safety Data Sheet

SECTION I. Product and Company	Identification				
PRODUCT NAME:	Perfect Blend Organics 7-2-2	EMERGENCY CONTAG	CT PHONE NUMBERS:		
PRODUCT USES:	Commercial Fertilizer	Business Hours:			
SDS NUMBER:	20PBO722	Nights and Weekends: 509.308.8591			
SDS NOWBER.	2060722	In case of treating injuries please dial 911			
DISTRIBUTOR NAME	Perfect Blend, LLC		Perfect Blend, LLC		
	10900 NE 8th Street #615	MANOFACTORER NAME.	771 S. Kulm Road		
ADDRESS	Bellevue, WA 98004	ADDRESS:	Othello, WA 99344		
PHONE	425.456.8890	PHONE:	509.488.5570		
FHONE	425.450.8850	FHONE.	505.488.5570		
SECTION II. Hazard Identification					
	Not considered to be toxic for hu	mans under normal conditions of us	se. This product may cause		
OVERVIEW:	irritation to the eyes and skin. The product is a brown, grainy substance that is not flammable,				
	combustible, or explosive under r	normal conditions.			
	There are no chronic health effect	cts from exposure to this product. <i>I</i>	Routes of Exposure: Inhalation is		
POTENTIAL HEALTH EFFECTS:		osure in occupational and other sett			
	irritation.				
CAUTIONS:		IRRITATION, MAY CAUSE SKIN IRRI			
	CONTAMINATION OF FOOD OR F	EED, KEEP OUT OF REACH OF CHILD	DREN		
SECTION III. Ingredients Informati	on and Composition	-			
IDENTITY:	OSHA PEL	ACGIH TVL	OTHER LIMITS RECOMMENDED		
COMMON NAME (CAS#)					
Chicken Manure (N/A)	N/A	N/A	N/A		
Volcanic Ash	N/A	N/A	N/A		
Sulfate of Potash (7778-80-5)	N/A	N/A	N/A		
Elemental Sulfur (7704-34-9)	N/A	N/A	N/A		
Feathermeal	N/A	N/A	N/A		
SECTION IV. First Aid Measures					
	If symptoms such as nose or throa	at irritation are observed, allow the	person to rest in a well		
INHALATION:	ventilated area/fresh air. Loosen tight clothing around the neck and waist. If irritation persists, seek				
	medical attention.				
SKIN IRRITATION:		ap and water. Cover dry or irritated	skin with a good quality skin		
	lotion. If irritation persists, seek n	nedical attention.			
	Increasing the floor in the second state	in a water for at last 45 minutes 1			
EYE CONTACT:	Immediately flush eyes with running water for at least 15 minutes, keeping eyelids open. If irritation				
	persists, seek medical attention.				
	Do not induce vemiting low toxic	ity. May cause digestive tract irritat	tion accompanied by payson		
SLIGHT INGESTION:		n persists, seek medical attention.	don, accompanieu by flausea,		
SECTION V. Fire Fighting Measure	s Non Explosive. Burns similar to dr				
GENERAL HAZARD:	•	· · · ·			
FIRE HAZARD:	In case of a fire use any fire exting	50131121.			
SECTION VI. Accidental Release M	easures				
	ed at high concentration will cause d	amage to vegetation by root absorp	otion.		
This product is non-hazardous was					

SECTION VII. Handling and Storage				
	Keep product in a dry location and	d avoid moisture. To avoid clumpi	ng or degradation of product, bags	
HANDLING:	should be handled on a first-in-first-out basis.			
STORAGE TEMPERATURE:	Ambient	STORAGE PRESSURE:	Atmospheric	

	s / Personal Protection				
ENGINEERING MEASURES:	Use local exhaust vent exposure levels.	Use local exhaust ventilation to keep airborne concentrations of product dust below permissible exposure levels.			
	Where airborne conce	ntrations are expected to exceed exposu	re limits, NIOSH/MSHA certified		
PERSONAL PROTECTION:	respirators should be u	used. Eye goggles and gloves are not req	uired, but may be warranted in		
	excessive contaminate	excessive contaminate dust conditions.			
OCCUPATIONAL EXPOSURE	Product is treated as a	Product is treated as a "Nuisance Dust". The OSHA/PEL is 15 mg/m^3 total dust and 5 mg/m^3			
LIMITS:	respirable dust.				
SECTION IX. Physical and Chem	ical Properties				
APPEARANCE :	The product is a brown, grainy substance that is not flammable, combustible, or explosive unde				
	normal conditions.				
BOILING POINT:	N/A	SPECIFIC GRAVITY (H2O =1)			
VAPOR PRESSURE:	N/A	MELTING POINT :	N/A		
VAPOR DENSITY :	N/A	FLASH POINT :	N/A		
ODOR :	Organic	EVAPORATION RATE:	N/A		
SOLUBILITY IN WATER:	50%	pH:	6.1-6.3		
SECTION X. Stability and Reactiv	vitv				
	Product is stable under dry conditions. Incompatible materials and conditions to avoid: Mater				
		r dry conditions. Incompatible materials	<b>s and conditions to avoid:</b> Material v		
GENERAL:					
GENERAL: HAZARDOUS DECOMPOSITION:	react with metal when	r dry conditions. Incompatible materials wet causing metal fatigue and rust at ac
