SECTION V. Fire Fighting Measures		
GENERAL HAZARD:	Non Explosive. No further relevant information available.	
FIRE HAZARD:	In case of a fire use any fire extinguisher, extinguishing powder or water spray.	

SECTION VI. Accidental Release Measures

No special measures required. Is a water soluble product, released at high concentration will cause damage to vegetation by root absorption.

This product is non-hazardous waste when spilled or disposed of. Dispose of collected material according to regulations.

SECTION VII. Handling and Storage			
HANDLING:	Keep product in a dry location and avoid moisture. To avoid clumping or degradation of product, bags should be handled on a first-in-first-out basis. No special measures required.		
STORAGE TEMPERATURE:	Ambient	STORAGE PRESSURE:	Atmospheric

SECTION VIII. Exposure Controls / Personal Protection		
ENGINEERING MEASURES:	Use local exhaust ventilation to keep airborne concentrations of product dust bellow permissible exposure levels.	
PERSONAL PROTECTION:	No special measures required. Where airborne concentrations are expected to exceed exposure limits, NIOSH/MSHA certified respirators should be used. Eye goggles' and gloves are not required but may be warranted in excessive contaminate dust conditions.	
OCCUPATIONAL EXPOSURE LIMITS:	The product does not contain any relevant quantities of material with critical values that have to be monitored at the workplace. No special measures required.	

SECTION IX. Physical and Chemical Properties			
BOILING POINT:	N/A	DANGER OF EXPLOSION	Does not present explosion hazard and is not auto-igniting
VAPOR PRESSURE:	N/A	MELTING POINT:	N/A
VAPOR DENSITY:	N/A	EVAPORATION RATE:	N/A
SOLUBILITY IN WATER:	Insoluble	SOLVENT (ORGANIC) CONTENT	0.00%

SECTION X. Stability and Reactivity		
GENERAL:	Product is stable under normal conditions. No dangerous reactions known.	

HAZARDOUS DECOMPOSITION:

No dangerous decomposition products known.

SECTION XI. Toxicological Information

No irritating effect on eyes or skin. The product is not subject to classification according to internally approved calculation methods for preparations. When used or handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.

SECTION XII. Ecological Information

Generally not hazardous for water. On all other adverse effects, no further relevant information available

SECTION XIII. Disposal Considerations

DISPOSAL GUIDANCE:

Small quantities of product can usually be disposed of with household waste. No special disposal treatment is required, but local authorities should be consulted about any specific local requirements.

SECTION XIV. Transport Information

Non-Regulated Material

SECTION XV. Regulatory Information

None of the ingredients are listed.

SECTION XVI. Other Information

The information and recommendations in this SDS are, to the best of our knowledge, accurate as of the date of issue. Nothing herein shall be deemed to create warranty, expressed or implied, and shall not establish a legally valid contractual relationship. It is the responsibility of the user to determine applicability of this information and the suitanbility of the material or product for any particular purpose.
